

European University Cyprus

Program Title: “Speech Therapy (Degree)”
Bachelor of Arts in Speech Therapy:

The SLP program in Cyprus is offered at the European University Cyprus, located in the capital city of Nicosia. The program is in its second year and there are currently 45 students attending full time load. This is the first Speech Therapy Program in Cyprus.

Academic and Clinical Education in the proposed program are based on similar, internationally acclaimed programs. The programme is accredited as of September of 2011 the operation of the EUC Speech, Language and Hearing Clinic will begin.

The high quality academic and clinical education in Speech Therapy at European University Cyprus comes to fulfil a great need in society and to serve people with communication and swallowing disorders in Cyprus.

The programme employs three full time faculty members, and two part-time people who are certified speech pathologists. In the near future three more full time faculty members will be hired.
