

One of the faculties of the Windesheim University of Applied Science Zwolle, named faculty of Health Care & Welfare- has a bachelor programme which lead to the title bachelor of Health, subtitle Speech & Language Therapist. The programme is 240 ECTS (4 years).

The prerequisites are HAVO or MBO diploma (in the Dutch system) and the students have to undertake a voice and articulation screening.

About 90 students start every year in the first year of our programme.

The programme consists in a theoretical part , where students learn about disorders in speech, language, voice, hearing and swallowing, both in children and adults. In the second part of the study students are trained to work in health care institutions, schools, free practices and business sector and prepare their thesis.
