In the Netherlands there is already an organisation in which all HEIs (with SLT-programmes) meet. (description is in the LLL-examples: <http://www.netques.eu/wp-content/uploads/2013/06/Platform-HEI-Netherlands-SRO-L-HU-NL.pdf>) There the HEIs talked about the NQ results, and spoke with the Dutch SLT-association. All HEIs want to compare their programme with the NQ-profile, and the Dutch SLT-profile. A project has been started to develop a new profile of competencies, for newly qualified SLTs. All HEIs will use this new profile, once it is developed. The ambition is that SLT-education in the Netherlands will become a master's programme in the end.

10. **Evidence of dissemination/exploitation:** (Please, add whatever information you consider interesting to explain/justify the action taken and how NetQues outcomes/ material were used)
